1 **Background on Overarching Educational Strategy**

2
3 In the DE Council Annual Report, the Overarching Educational Strategy was mentioned. As it
4 has come to the attention of the council there are many questions surrounding this strategy. The
5 Dental Education Council has made the supporting documentation behind this strategy available
6 on the Delegates community within AGD Connect.
7

8 The DE Council in its desire to move AGD forward has identified a pathway for enhanced
9 success in the area of continuing dental education and has developed a comprehensive strategy to
10 accomplish this goal. AGD must position itself to compete and thrive. Using the results of a
11 comprehensive scan and assessment to develop and implement a strategy supported by a new
12 streamlined and nimbler technology platform that works in true partnership with members, non-
13 members, volunteers and staff. An energized CE/Technology platform that provides a realistic,
14 well-defined member marketplace that's easier to promote, search and distribute products and
15 services that members find desirable and beneficial; and with increased financial and resource
16 capital that allows for an association that can compete and excel in today's dental education
17 arena.

11 "Resolved that AGD HOD Policy Manual, Publishing/Production Design Guidelines,
12 Advertising Policies of the Academy of General Dentistry be rescinded."
13

14 ~~Publishing/Production Design Guidelines~~
15

16 ~~Advertising Policies of the Academy of General Dentistry~~
17

18 ~~Advertising accepted for the publications of the Academy of General Dentistry or its Web~~
19 ~~site or sent to members through membership list rental should serve to inform dentists and~~
20 ~~others of products, services and courses that are available. In keeping with responsible~~
21 ~~journalistic philosophy, all advertisements must be accurate. No advertising shall~~
22 ~~encourage dentists or other readers to engage in practices that would conflict with~~
23 ~~standards of conduct generally adhered to by members of the dental profession. All~~
24 ~~advertisements are subject to acceptance or rejection by the Academy, based on the content~~
25 ~~of the advertisement and the nature of the product, services or courses offered.~~
26

27 ~~Inclusion of advertising in AGD publications does not constitute approval or endorsement~~
28 ~~by the Academy of General Dentistry of products, services, or claims made in~~
29 ~~advertisements. Each issue of *General Dentistry* and *AGD Impact* will carry the following~~
30 ~~statement: "The publication of an advertisement in (*General Dentistry* or *AGD Impact*)~~
31 ~~does not indicate endorsement for products or services. AGD credit approval for~~
32 ~~continuing education courses or course program providers will be clearly stated."~~
33

34 ~~A. General Eligibility~~
35

36 ~~1. All advertisements must involve goods or services related to the dental profession, or to~~
37 ~~the mission, activities and/or functions of the Academy of General Dentistry.~~
38

39 ~~2. The Academy will make advertising space available in its publications free of charge, as~~
40 ~~appropriate, in exchange for equal value under the following circumstances:~~
41

42 ~~a. Advertising exchange program with a recognized dental or dentistry-related association.~~
43

44 ~~b. Membership benefits program in which companies providing benefits to members under~~
45 ~~contract or agreement with the Academy are provided one full page of advertising space at~~
46 ~~no charge during the introduction of the new program or service.~~

1
2 ~~Note: The Academy reserves the right to assign advertising space, as available, for the~~
3 ~~promotion of Academy and AGD Foundation products, services and events.~~

4
5 ~~3. All advertisements must be accurate. Exaggerated or unsupported claims are not~~
6 ~~acceptable. The burden of proof to substantiate any statement within an advertisement~~
7 ~~rests with the company or individual proposing the advertisement.~~

8
9 ~~4. All products and/or services must be available at the time the advertisement is published~~
10 ~~or mailed.~~

11
12 ~~5. No advertising material will be acceptable if it is deemed to be in conflict with the laws or~~
13 ~~regulations of any federal, state, or local government or agency.~~

14
15 ~~6. Advertisements that include language or devices that reflect pride and/or confidence in a~~
16 ~~product or service are acceptable. However, such promotional materials shall not include~~
17 ~~exaggerations or superlative terms or phrases that either deceive or mislead or tend to~~
18 ~~deceive or mislead or may be interpreted in any way to be in poor taste.~~

19
20 ~~7. Advertisements that in any manner may be construed as being disparaging of useful~~
21 ~~competitive products or services are not acceptable.~~

22
23 ~~8. No advertisement or other promotion may use the name or logo of the Academy of~~
24 ~~General Dentistry, either in publications of the Academy or elsewhere, without prior and~~
25 ~~specific approval from the Academy. Such approval shall not be unreasonably withheld.~~

26
27 ~~9. A company or individual may be denied AGD publication advertising space and/or~~
28 ~~mailing labels for a period of six months to a year or longer on the basis of documented~~
29 ~~non-compliance with AGD advertising policy.~~

30
31 ~~10. Classified advertising in AGD Impact may include practice sales, practice opportunities~~
32 ~~for dentists and auxiliaries, the sale of used and new dental equipment, and other dental~~
33 ~~products.~~

34
35 ~~11. The Academy does not offer complimentary advertising of dental publications or~~
36 ~~literature through distribution at Academy meetings, but may provide such a service at~~
37 ~~reasonable cost to companies that have purchased exhibit space at the meeting.~~

38
39 **B. — Drugs, Materials and Devices**

40
41 ~~1. Acceptability of advertising of any drug, material or device may be based upon~~
42 ~~determinations or evaluations made by the American Dental Association Council on Dental~~
43 ~~Materials and Devices or the ADA Council on Dental Therapeutics, or upon research and~~
44 ~~practice currently taught in dental schools and other recognized institutions, whether~~
45 ~~published or unpublished.~~

1 ~~2. Performances of all drugs, materials, and devices being advertised remain the sole~~
2 ~~responsibility of the manufacturer, company, or person placing or mailing the~~
3 ~~advertisement.~~

4
5 ~~3. Advertisements may cite, through proper footnotes, appropriate references to dental or~~
6 ~~other scientific literature, provided the reference properly supports a claim.~~

7
8 **C. — Continuing Dental Education Materials and Courses**

9
10 ~~1. Advertising copy for continuing education courses must be submitted to the AGD~~
11 ~~national office for editorial review before it will be accepted for publication or for mailing~~
12 ~~to AGD members through the sale of labels.~~

13
14 ~~2. The accuracy of any statements related to continuing dental education credit availability~~
15 ~~will be determined by the AGD Department of Continuing Education.~~

16
17 ~~3. Advertising space in AGD publications and AGD membership mailing labels are~~
18 ~~available to the providers of continuing education courses only if the course being~~
19 ~~promoted is approved to offer FAGD/MAGD credit.~~

20
21 **D. — Editor's Responsibility**

22
23 ~~1. It is the responsibility of the editor of the Academy to determine acceptability of~~
24 ~~advertising materials and content under policies stated herein.~~

25
26 ~~2. The editor of the Academy is authorized to determine eligibility for advertising space or~~
27 ~~mailing labels and the period during which eligibility will be denied.~~

28
29 **E. — Acceptance of Advertising Copy, Materials**

30
31 ~~1. The advertisement should clearly identify the advertiser and the product or service being~~
32 ~~offered.~~

33
34 ~~2. Layout, artwork, and format submitted for publication must avoid confusion with the~~
35 ~~editorial content of the publication. The word "advertisement" may be required by the~~
36 ~~Editor.~~

37
38 ~~3. It is the responsibility of the manufacturer to comply with the laws and regulations~~
39 ~~applicable to marketing and sale of products.~~

40
41 ~~4. Advertisements will not be accepted if they appear to violate the Principles of Ethics of~~
42 ~~the American Dental Association, are indecent or offensive in either text or artwork, or~~
43 ~~contain attacks of a personal, racial, or religious character.~~

44
45 ~~5. Advertising materials submitted for publication must in all ways conform to the~~
46 ~~specifications set forth in the advertising rate card in effect at the date of submission.~~

1 ~~Production work necessitated in order to produce new materials that conform to the~~
2 ~~specifications reflected on the advertising rate card shall be billed to the advertiser.~~

3
4 **F. — Rates**

5

1 **How It Fits into the Strategic Plan:**

2 **Goal 5—Organizational Excellence:** Ensure that the AGD is financially viable, functions
3 efficiently in a cost-effective manner, and has a mutually supportive
4 relationship with its constituents.

5 **Strategy 3:** Streamline the AGD governance structure and operations.
6

7 **How it Fits into the Corporate Objectives:**

- 8 • n/a
9

10 **Introduction:**

11 At the July 2017 Board Meeting, the Dental School Program Task Force was charged with
12 amending the above policy and establishing criteria for the selection of the student member
13 delegates. The Dental School Program Task Force met via Zoom on September 11, 2017 to
14 discuss this charge and determined that the following information will be collected in order to
15 aid in recommending student delegates to the EC:

- 16 • Interest in pursuing a career in general dentistry
17 • Constituent board involvement
18 • ASDA leadership role(s)
19 • Attendance at national and local AGD events
20 • Leadership role(s) in other organizations
21

22 Additionally, candidates will be asked the following questions:

- 23 • What do they wish to gain from serving as a student delegate?
24 • What can they contribute to the AGD?
25 • Why do they want to be involved with the AGD?
26

27 Candidates will also be encouraged to submit their CV along with their application.
28

29 **Necessary Information:**

- 30 • Since the advent of AGD student chapters, created at the 2016 AGD HOD, AGD now has
31 a formal structure from where to solicit Delegate and Alternate recommendations.
32 • Amending this policy would in no way remove the oversight of the New Dentist
33 Committee or the Executive Committee.
34 • A process for soliciting nominations will be determined by the Dental School Program
35 Task Force.
36

37 **What We Don't Know:**

- 38 • We don't know how ASDA will view this proposed amendment.
39

40 **Pros and Cons:**

41
42 **Pros:**

- 43 • Instituting this amendment will promote conformity to the profession of general dentistry
44 whereby only those committed to general dentistry will create policy for the AGD.
45

46 **Cons:**

- Potential negative impact in AGD’s relationship with ASDA.
