

Embrace the Power of Tax Incentives and a CEO Mindset: Launch Your Practice to New Heights as We Close Out 2024!

Doug Fettig, CPA, MBA

Subject: 550 Practice Management and Human Relations

Credits: 1

Method: Lecture

Tuesday, Nov. 19: 7:30–8:30 p.m. CST

Audience: Dentists

Fee: Free

Description

Participants will leave this dynamic and fast-paced three-part webinar series with an enhanced understanding of the US tax code including identifying and maximizing tax deductions, navigating depreciation rules, a working understanding of financial statements critical to their practice, and the most tax effective structure for the practice business entity. All communicated in layperson terms that can easily be grasped and understood!

Learning Objectives

1. Understand the US tax code structure
2. Identify tax incentives to increase practice profitability
3. Incorporate the power of tax planning into your business process

Speaker Bio

Doug has over two decades of experience in business and dental industry consulting, combined with his deep desire to understand people's passions through sincere connections. As a dental business advisor, he brings his engaging, humorous, and entertaining speaking style to dental seminars, study clubs, and vendor forums around the country. This experience has made him skilled at helping dentists shift their mindsets and grow thriving practices, while creating the retirement of their dreams.
