

# WISCONSIN ACADEMY of GENERAL DENTISTRY

## Safety and Simplicity in Root Canal Instrumentation and Obturation

**Speaker :** Dr. Alex Fleury. DDS, MS

### About the Speaker:

Dr. Alex Fleury received his Masters of Science Degree in Oral Biology and Certificate in Endodontics from the University of Pennsylvania School of Dental Medicine. He received his DDS Degree in 1984 from the University of São Paulo. Dr. Fleury served as Director of Predoctoral Endodontics for 6 years at both Nova Southeastern University School of Dental Medicine in Florida and Baylor College of Dentistry. He currently serves as Assistant Professor at Baylor College of Dentistry, working with Endodontic Residents.

Of particular pride is being named the recipient of the "Edward E. Osetek Award" for best new Endodontic Educator of the year by the American Association of Endodontists. In addition, Dr. Fleury is honored to have been the recipient of the "Richard F. Weiss Achievement Award presented by the Louis I. Grossman Study Club (University of Pennsylvania). He also served on the Scientific Advisory Board of the Journal of Endodontics, and as well serves as the Director of Educational Resources for Real World Endodontics.

Dr. Fleury is currently in the full-time private practice of Endodontics in Dallas, TX.

### Location and Hotel Information:

Radisson Hotel Milwaukee West  
2303 North Mayfair Road  
Milwaukee, WI 53226.

The Guest Room Discounted Guaranteed Rate is \$107.00 plus tax per room per night.

Room Block: <https://www.choicehotels.com/reservations/groups/G9668722>

*\*\*Discounted Room Rates available until February 15th*

### Date and Time:

**March 8th, 2024.**

8:30 AM - 12:30 PM. Lecture.

12:30 PM - 1:30 PM Lunch.

1:30 PM- 4:30 PM Lecture / hands on.

Light breakfast / refreshments / and lunch will be provided.

**CE:** 7 CE participation Hours. AGD subject code: 070.

**Fees:** \$325. **Sponsored by:** Real World Endo & Brasseler.

*Class limited to 30 participants.*

## Class Objectives:

1. As a result of recent improvements in metallurgy, enhanced designs, and innovative rotary file motions, we now need to understand how these changes affect clinical instrumentation.
2. Root canal obturation has been revolutionized in the area of cement/sealer technology. These obturation improvements are allowing more efficient obturation techniques at lower costs.
3. Create more efficient instrumentation and obturation techniques that are safe, simple, and predictable. During this presentation, Dr. Fleury will talk about these points with specific emphasis on access, irrigation, instrumentation, and obturation.
4. This all day 'must see' event will also include a demonstration that showcases a simple instrumentation and obturation system.
5. After attending this workshop, you will have a full understanding of this system which will help improve the predictability of your cases while dramatically reducing instrument separation. All participants will have the opportunity to validate these concepts during the workshop. Acrylic blocks will be used for this exercise. If available, participants are encouraged to bring sterile accessed and canal validated extracted teeth representative of the kind of cases they do clinically.

## Participants will:

1. Learn how file design, metallurgy and motion influences instrumentation safety and efficiency.
2. Comprehend the advantages of bioceramic based obturation and clinical techniques for its implementation.
3. Discover how instrumentation and obturation protocols can be combined as a comprehensive system to achieve both efficiency and predictability in most clinical situations.
4. Be able to describe the proper protocol for safe and effective instrumentation of a given canal and cone fit for obturation in different scenarios.
5. Describe the simple, bonded obturation technique of the fitted gutta percha in the prepared canal
6. Be able to utilize the advantage of Hydraulic Condensation to prepare a quick post space in the canal, when needed.

PLEASE BRING ANY ACCESSED, EXTRACTED TEETH YOU MAY WANT TO WORK ON. PLEASE BRING LOUPES OR SAFETY GLASSES.

PLEASE NOTE EXTRACTED TEETH / SAFETY GLASSES WILL NOT BE PROVIDED.

## Registration:

First & Last Name: Dr. \_\_\_\_\_

Address : \_\_\_\_\_

City : \_\_\_\_\_

State : \_\_\_\_\_. Zip code: \_\_\_\_\_

Cell Phone : \_\_\_\_\_

Email : \_\_\_\_\_

Are you an AGD Member : No \_\_\_\_ Yes: \_\_\_\_ AGD Number \_\_\_\_\_

Payment information:

Paypal: [paypal.me/wiagd](https://www.paypal.me/wiagd). Course Fee: \$325
